Pesticides, a Love Story: America's Enduring Embrace of ...
Pesticides, a love story. By Lisa Baldi. November 17, 2015. We just can□t seem to quit bug-killing chemicals. Michelle Mart, an historian at Penn State Berks, investigates why Americans cling to their love of pesticides despite warnings, rising costs, and declining effectiveness in her recently published book, Pesticides, A Love Story: America's Enduring Embrace of Dangerous Chemicals (University Press of Kansas, 2015).

Pesticides, a love story | Penn State University
Though the publication of Rachel Carson□s Silent Spring and the rise of environmentalism might have marked a turning point in Americans□ faith in pesticides, statistics tell a different story. Pesticides, a Love Story recounts the campaign against DDT that famously ensued; but the book also shows where our notions of Silent Spring□s revolutionary impact falter□where, in spite of a ban on DDT, farm use of pesticides in the United States more than doubled in the thirty years after the ...
