Reconnaissance, commonly known as Jeep or jeep, and sometimes referred to as G503, were highly successful American off-road capable light military utility vehicles built in large numbers to a standardized design for the United States and other Allied forces in World War II from 1941 to 1945. The jeep became the primary light wheeled transport vehicle of the United States military and its ...

The Willys MB (commonly known as a Jeep or jeep, formally as the U.S. Army Truck, 1/4 ton, 4x4) and the Ford GPW are four-wheel drive utility vehicles that were manufactured during World War II. Produced from 1941 to 1945, it evolved post-war into the civilian Jeep CJ, and inspired both an entire category of recreational 4WDs and several generations of military light utility vehicles.
