Ever since the late '60s, various outboard manufacturers have used a number of different electronic ignition systems. Early ignitions used battery-powered systems, with alternator powered systems later becoming more common. If like most do-it-yourselfers you've relied on a sketchy owners manual. With this guide you will gain a better understanding of the ignition components and how the ignition system operates and learn how to quickly determine if your problem is electrical or mechanical. CDI Electronics has been the leader in outboard marine ignition technology since 1982. This technical manual is a step by step guide to your outboard ignition for the following manufacturers: General Troubleshooting Information

This historical work tells the story of Captain Vancouver and his mapmaker, Lt. Baker, an ancestor of the author. It describes in authentic detail the relationships with the First Nations people they met on voyages between Vancouver and Hawaii. The book was presented in the BC Legislature. and bonus material includes questions for educators.

"Stark, beautiful and full of imagery."
Shadows in the Light is a modern day testimony to the complexity of life and the difficulties we all face. These poems will resonate with experiences of its readers and prove poetry can speak for us all. This is the second collection of poetry by the author Betsy Reavley.
