These working papers provide students with a starting point for completing end-of-chapter assignments from the textbook.

The traditional working papers include problem-specific forms for preparing solutions for Exercises, A& B Problems, the Continuing Problem, and the Comprehensive problems from the textbook. These forms, with preprinted headings, provide a structure for the problems, which helps you get started and saves time. New to this edition: All forms have been updated to coincide with core text changes.

Prepared by Dale Klooster and Warren Allen, this best-selling, educational, general ledger package introduces students to the world of computerized accounting through a more intuitive, user-friendly system than the commercial software they'll use in the future. In addition, students have access to general ledger files with information based on problems from the textbook and practice sets. This context allows them to see the difference between manual and computerized accounting systems firsthand and includes a problem checker. Problems that can be used with Klooster/Allen are highlighted by an icon.
