"America: Past and Present integrates the social and political dimensions of American history into one chronological narrative, providing students with a full picture of the scope and complexity of the American past. Written by award-winning historians, it tells the story of all Americans—elite and ordinary, women and men, rich and poor, white majority and minorities."--publisher website.

"America Past and Present, AP Edition, Ninth Edition strives to achieve the shared goal of the previous editions: to present a clear, relevant, and balanced history of the United States as an unfolding story of national development, from the days of the earliest inhabitants to the present. We emphasize the story because we strongly believe in the value of historical narrative in providing a vivid sense of the past. In each chapter, we seek to blend the excitement and drama of the American experience with insights about the social, economic, and cultural issues that underlie it"--Preface.

This is the eBook of the printed book and may not include any media, website access codes, or print supplements that may come packaged with the bound book. Focuses students on the story of American history. America : Past and Present integrates the social and political dimensions of American history into one chronological narrative, providing students with a full picture of the scope and complexity of the American past. In this Second Edition of this radical social history of America from Columbus to the present, Howard Zinn includes substantial coverage of the Carter, Reagan and Bush years and an Afterword on the Clinton presidency. Its commitment and vigorous style mean it will be compelling reading for under-graduate and post-graduate students and scholars in American social history and American studies, as well as the general reader.

USA's historie fra 1450-1877 samt kolonisationen af Amerika. Medtager kildeskrifter af historisk interesse fra perioden

Traces the history of the United States from the arrival of the first people to the American Continent to the present day.

Published by OpenStax College, U.S. History covers the breadth of the chronological history of the United States and also provides the necessary depth to ensure the course is manageable for instructors and students alike. U.S. History is designed to meet the scope and sequence requirements of most courses. The authors introduce key forces and major developments that together form the American experience, with particular attention paid to considering issues of race, class and gender. The text provides a balanced approach to U.S. history, considering the people, events and ideas that have shaped the United States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience).

"I too am not a bit tamed—I too am untranslatable / I sound my barbaric yawp over the roofs of the world."—Walt Whitman. "Song of Myself," Leaves of Grass The American Yawp is a free, online, collaboratively built American history textbook. Over 300 historians joined together to create the book they wanted for their own students—an accessible, synthetic narrative that reflects the best of recent historical scholarship and provides a jumping-off point for discussions in the U.S. history classroom and beyond. Long before Whitman and long after, Americans have sung something collectively amid the deafening roar of their many individual voices. The Yawp highlights the dynamism and conflict inherent in the history of the United States, while also looking for the common threads that help us make sense of the past. Without losing sight of politics and power, The American Yawp incorporates transnational perspectives, integrates diverse voices, recovers narratives of resistance, and explores the complex process of cultural creation. It looks for America in crowded slave cabins, bustling markets, congested tenements, and marbled halls. It navigates between maternity wards, prisons, streets, bars, and boardrooms. The fully peer-reviewed edition of The American Yawp will be available in two print volumes designed for the U.S. history survey. Volume 1 begins with the indigenous people who called the Americas home before chronicling the collision of Native Americans, Europeans, and Africans.The American Yawp traces the development of colonial society in the context of the larger Atlantic World and investigates the origins and ruptures of slavery, the American Revolution, and the new nation's development and rebirth through the Civil War and Reconstruction. Rather than asserting a fixed narrative of American progress, The American Yawp gives students a starting point for asking their own questions about how the past informs the problems and opportunities that we confront today.
