Defining the Characteristics of
Basic, Applied, and Evaluation
Research Researchers interested
in behavioral or organizational
problems can focus their inquiries
in three different directions.

Online Library Applied Research And Evaluation

These are generally called basic, applied , and evaluation research, although each can be found under other names depending on the context within which they are used.

~~Defining the Characteristics of~~

Online Library Applied Research And Evaluation

~~Basic, Applied ... Research~~

The research and evaluation process is the primary method for gathering this information and making this assessment. This process gives recreation professionals specific information and evidence to support or

Online Library Applied Research And Evaluation

negate the notion that their agencies are achieving their objectives.

~~The importance of research and evaluation in recreation ...~~

Applied research “aims at finding a solution for an immediate

Online Library Applied Research And Evaluation

Methods In Research
problem facing a society, or an industrial/business organisation, whereas fundamental research is mainly concerned with generalisations and with the formulation of a theory”.
