Raj Gopal Katju, scion of an Allahabad lawyer family is an age-old Chemical Engineer who after graduating from the IIT Kharagpur in 1963. surprisingly finds himself still in the regular service at the age of 70. He has over 45 years of industrial and. consultation experience with Indian Rayon Corporation, Veraval. Camphor & Allied Products Ltd. Bareilly, Gujarat Alkalies & Chemicals Ltd., Baroda and Kumar Organic Products Ltd., Bangalore and Baroda. In between official work he has penned anecdotes, essays and short stories in Hindi and English, many of which have been published in newspapers and magazines. He has also authored 4 books each in the above languages. EXPERIMENTS IN CHEMICAL ENGINEERING IS AN AUTOBIOGRAPHICAL ACCOUNT OF HIS SAILING THROUGH LIFE IN AND OUT OF FACTORIES.

Embark on a journey with Dr. V.A. Sastry, the man who grew up in a little village in Andhra Pradesh, failed his pre professional exam, went on to study in the best of institutions in India, worked on the forefront of India ' s nascent computer era, all the while believing he was simply in the right place at the right time. At 75, this globetrotting grandpa, who has consulted for over 500 companies hopes to pass on his legacy of life, work ethics, and values to his grandchildren, and to others in the world who care. The foreword is by Mr. N.R. Narayana Murthy, Founder, Infosys.

Year 2013! He was educated and was a believer in everything that had a scientifically proven explanation. Sudhir, after constant failures on his part which led to an unwanted divorce, was thrust by a strange twist of faith on an isolated island. He gained unfathomable power, which had no scientific explanation. He was not a politician, and yet, he was forced to pit his mind against a globally powerful nation, and that nation was guided by a man whose magical powers far exceeded that of his own. His school curriculum never taught him to fight with a sword, nor travel time. Yet, here he was, travelling back in time to unravel a mystery that harassed a royal family. Here he was again, somehow managing to ward off ruthless, bloodthirsty, sword-wielding pirates with his own clumsily held sword! To protect himself from dying? Obviously, yes! But, also to protect the fabulous wealth of gold, silver, rubies, diamonds and so much more that were lost in the seven ships around the year 1782.

Special edition of the Federal Register, containing a codification of documents of general applicability and future effect ... with ancillaries.

The Code of Federal Regulations is the codification of the general and permanent rules published in the Federal Register by the executive departments and agencies of the Federal Government.
