The seven plays to date of Yasmina Reza, one of France's most prominent female playwrights, are popular both in France and abroad. Despite her commercial success, her plays have often been ignored in academic circles, and few scholars have attempted to explore the mechanics of her playwriting. This text seeks to unpack the essentials of Reza's style and to explore each play as a component of Reza's theatrical oeuvre. The result is a fuller understanding of her theatrical poetics and her development as an artist.

Now in one volume, the works of "the most successful international playwright of her generation" (Vogue). Yasmina Reza's plays reflect the razor sharp wit, social commentary, and impeccable comedic timing that have earned the praise of critics throughout the world, none more so than the Tony Award-winning Art, an eccentric and clever play of ideas that took the

American theater community by storm. In this sly critique of contemporary relationships, Reza skillfully picks apart the friendship of three men via a bowl of olives and a white-on-white painting. Now translated into more than 30 languages, *Art* continues to be performed worldwide, even as Reza's other plays have garnered similar acclaim. *Life x 3*, Reza's most recent offering, again highlights her satirical wit as two couples face off in three different versions of the dinner from hell. Praised as "compact, cool and clever" by Christopher Isherwood of *Variety*, Reza uses the acidic exchanges of her characters to illuminate their inner desire for love and acceptance. Also included in this edition are two earlier plays, *The Unexpected Man* and *Conversations After a Burial*. Each elucidates the startling difference between public and private life, be it in the confines of a train compartment or a country estate in the aftermath of a loved one's passing.

Yasmina Reza is best known as the author of the immensely successful Tony award-winning play *Art*. Her latest work, *Hammerklavier*, is a bittersweet collection of autobiographical sketches that have love, loss, and the relentless passage of time as their themes. Convinced that one's deepest thoughts can be said simply, Reza does so with unequaled humor and perceptiveness. She contemplates evanescence and death in her young daughter's toothless smile, secretly mourning that it will inevitably change. In the title story, the sometimes adversarial but very loving relationship Reza shared with her father is examined in terms of their love of music.

'A lot of my plays begin as comedies and mutate in the course of the evening, because my instinct is that you have to welcome the audience in and make sure they're sitting comfortably before you can give them an adequate punch on the jaw.' Since the acclaimed London première of his first play in 1966, Christopher Hampton has established himself as one of Britain's most prominent, and least predictable, dramatists. From his best-known play, *Les Liaisons Dangereuses*, and its Oscar-winning film version, *Dangerous Liaisons*, to personal and critical favourites like *Total Eclipse* and *Tales from Hollywood*; from his films as writer-director (*Carrington*, *Imagining Argentina*) to his work as screenwriter-for-hire (*Mary Reilly*, *The Quiet American*); from translations (*Art*) to musicals (*Sunset Boulevard*), Hampton eloquently - and entertainingly - explores his varied career with interviewer Alistair Owen, and discusses its recurring theme: the clash of liberal and radical thought, exemplified by his most recent play, *The Talking Cure*, about the fathers of psychoanalysis, Jung and Freud.

Translation and film adaptation of theatre have received little study. In filling that gap, this book draws on the experiences of theatrical translators and on movie versions of plays from various countries. It also offers insights into such concerns as the translation of bilingual plays and the choice between subtitling and dubbing of film.

An eminent philosopher reflects on the nature of friendship, past and present. Friends are a constant feature of our lives, yet friendship itself is difficult to define. Even Michel de Montaigne, author of the seminal essay "Of Friendship," found it nearly impossible to account for the great friendship of his life. Why is something so commonplace and universal so hard to grasp? What is it about the nature of friendship that proves so elusive? In *On Friendship*, the acclaimed philosopher Alexander Nehamas launches an original and far-ranging investigation of friendship. Exploring the long history of philosophical thinking on the subject, from Aristotle to Emerson and beyond, and drawing on examples from literature, art, drama, and his own life, Nehamas shows that for centuries, friendship was as much a public relationship as it was a private one-inseparable from politics and commerce, favors and perks. Now that it is more firmly in the private realm, Nehamas holds, close friendship is central to the good life. Profound and affecting, *On Friendship* sheds light on why we love our friends-and how they determine who we are, and who we might become.
