Based on the syllabus of the actuarial industry course on general insurance pricing – with additional material inspired by the author's own experience as a practitioner

Download Free Cii If3 Past Papers

and lecturer – Pricing in General Insurance presents pricing as a formalised process that starts with collecting information about a particular policyholder or risk and ends with a commercially informed rate.

Download Free Cii If3 Past Papers

The main strength of this approach is that it imposes a reasonably linear narrative on the material and allows the reader to see pricing as a story and go back to the big picture at any time, putting things
