The developmental history of the tractors built by the dominant agricultural manufacturer of the early 20th Century, International Harvester, is dramatically told in *The Farmall Dynasty*. The book traces the evolution of the Farmall tractor from the early Titans and Moguls through to modern times. The book includes well-researched accounts of the development of the original Farmall, the Letter Series, 4100, Cub, and other legendary IHC tractors, with first-hand accounts from factory engineers describing the challenges they faced.

Please note that the content of this book primarily consists of articles available from Wikipedia or other free sources online. Pages: 61. Chapters: Honda, Ford Motor Company, List of John Deere tractors, New Holland Agriculture, CNH, Massey Ferguson, Cub Cadet, Roths Industries, Allis-Chalmers
