'curriculum design' on SlideShare
Current curriculum models can be broken down into two broad categories—the product model and the process model. The product model is results-oriented. Grades are the prime objective, with the focus lying more on the finished product rather than on the learning process.

Curriculum Design Models - 09/2020
2. Product models of curriculum. Where a process-centric conceptualisation of curriculum enquiry is centred on the holistic experience of the learner, and on the teacher's role in supporting the pupil and their development, models of curriculum which are product-oriented are focused on destinations rather than on journeys.
