Electronic commerce (or e-commerce) has evolved over the years to become a major channel through which businesses can exchange goods and services, coordinate production and market to customers. By harnessing the power of the internet, electronic commerce has changed the way in which organisations conduct business.

Corresponding to the chapters in  
Introduction to Clinical Pharmacology,  
9th Edition, this study guide reinforces  
your understanding of nursing  
pharmacology and medication safety. A  
rich variety of learning activities  
include a math review, dosage  
calculation exercises, and research  
and critical thinking exercises that  
emphasize clinical decision-making  
and prioritization.
