In the United States, some populations  
suffer from far greater disparities in

*Page 46/68*

# Read Online Economics Discrimination Research

health than others. Those disparities are caused not only by fundamental differences in health status across segments of the population, but also because of inequities in factors that impact health status, so-called determinants of health. Only part of an individual's health status depends

# Read Online Economics Discrimination Research

Studies Center University  
on his or her behavior and choice;  
community-wide problems like  
poverty, unemployment, poor  
education, inadequate housing, poor  
public transportation, interpersonal  
violence, and decaying neighborhoods  
also contribute to health inequities, as  
well as the historic and ongoing
