Food: A Cultural Culinary History - The Great Courses

Great Britain is three very different countries, England, Scotland and Wales, each with a rich and varied history and culture. Perhaps this explains the diversity of its culinary traditions. The history of Britain has played a large part in its traditions, its culture and its food. The Romans for instance brought us cherries, stinging nettles ( to be used as a salad vegetable), cabbages and peas, as well as improving the cultivation of crops such as corn.

What Early Agriculturalists Ate. October 1, 2017. The transition to agriculture is perhaps humanity's single most important social revolution - and one that was not without its tradeoffs. In episode 2 of Food: A Cultural Culinary History we're going to explore the factors surrounding the rise of agriculture, how plants and animals were domesticated, and why agriculture directly led to civilization as we know it.
