DISCOVER:: How to Add DOZENS of Positive Changes to Your Daily Routine Want to improve your life, but don't have enough time? Right now you could easily think of a dozen ways to instantly improve your life. Odds are, these ideas will only take a few minutes apiece to complete. The problem? You might feel like there's not enough time to do all of them. One solution can be found using the power of "habit stacking." One Routine + Multiple Habits = Habit Stacking We all know it's not easy to add dozens of new habits to your day. But what you might not realize is it's fairly easy to build a single new routine. The essence of habit stacking is to take a series of small changes (like eating a piece of fruit or sending a loving text message to your significant other) and build a ritual that you follow on a daily basis. Habit stacking works because you eliminate the stress of trying to change too many things at once. Your goal is to simply focus on a single routine that only takes about 15 to 30 minutes to complete. Within this routine is a series of actions (or small changes). All you have to do is to create a checklist and follow it every single day. That's the essence of habit stacking. LEARN: 97 Small Habits that Can Change Your Life In the book "Habit Stacking: 97 Small Life Changes That Take Five Minutes Or Less," you will discover 97 quick habits that can instantly improve your life. Plus you'll discover how to create a simple routine (managed by a checklist) that you repeat on a daily basis. Even better, you'll discover a few tools that will keep you motivated and consistent. So even if you're completely stressed out, you'll still find the time and energy to complete these actions on a consistent basis. By completing dozens of small habits on a daily basis, you'll be able to make giant leaps forward in your business, strengthen your personal relationships, stay on top of your finances, get organized and improve your health. ORDER:: Habit Stacking: 97 Small Life Changes That Take Five Minutes Or Less "Habit Stacking" contains a catalog of ideas you can use to take action in your life. You will learn: ** How Habit Stacking Helps You Add MULTIPLE Small Changes ** 8 Elements of a Habit Stacking Routine ** Two Examples of a Habit Stacking Routine ** 8 Steps for Building a Habit Stacking Routine ** Productivity Small Changes (#1 to #17) ** Relationships Small Changes (#18 to #31) ** Finances Small Changes (#32 to #44) ** Organization Small Changes (#45 to #60) ** Spirituality & Mental Wellbeing Small Changes (#61 to #84) ** Health & Physical Fitness Small Changes (#76 to #85) ** Leisure (Small Changes #86 to #97) ** Habit Stacking Disruptions and Challenges: What to Do! It is to add multiple changes to your life all at once. All you need to do is to add habit stacking routines to your day. Would You Like To Know More? DISCOVER:: How to Find Your Work-Life Balance with a Powerful Daily Routine Imagine what your life would be like if your days were filled with purpose, productivity and time to enjoy the little things. (Instead of chaos, overwhelm and exhaustion.) You can make this happen by building a daily routine that perfectly blends your personality with your career and personal obligations. Unfortunately, it isn't always easy to stick to a day-to-day ritual. You might be so busy that you can't add anything else to your crowded schedule. Or you might be following advice that doesn't match who you are. (Like forcing yourself to wake up at 5 a.m. when you work best late a night.) So what's the secret to creating a daily routine that sticks? The answer: Build one that matches your natural energy levels and gives you the flexibility to meet all of your day-to-day obligations. LEARN:: How to Find (and Focus on) the 80/20 of Your Daily Activities The trick to finding that work-life balance is to be intentional with how you spend your time. You can do this by applying the 80/20 rule, which states that you achieve 80% of your results from 20% of your effort. This principle applies to all areas of life. Right now, only a handful of the activities you do each day will have the biggest big impact on your life -- whether you're at work, at home or enjoying a hobby. All you have to do identify these activities and focus on them instead of worrying about time-wasting activities. The great thing about this principle is that, once you're mindful of it, you learn to focus on the 20% that yields the best results. In the book, "Level Up Your Day," we show you how to identify the 80/20 activities in the six areas of your routine and explain how to get the most from each experience. DOWNLOAD: Level Up Your Day: How to Maximize the 6 Essential Areas of Your Daily Routine "Level Up Your Day" provides an action plan to maximize the SIX areas of your life. We will cover: ** 8 Reasons to Build a Daily Routine ** Area #1: Energy (sleep and renewal activities) ** Area #2: Eating (general nutrition and meal planning) ** Area #3: Exercise (regular exercise and constant movement) ** Area #4: Routine activities (streamlining repetitive tasks and household chores) ** Area #5: Working (at a job or in your own business) ** Area #6: Fun (hobbies, relaxation or a creative outlet) ** 4 Ways to Maximize Your Daily Ritual ** Four Case Studies that Show How Regular Folks Achieve Day-to-Day Success You can manage your day-to-day activities. The secret is to fully understand your daily responsibilities and build a plan of how you'll do it all. Would You Like To Know More? Download now to learn how to build a powerful daily routine. Discover the Life-Changing Strategy of This Worldwide Bestseller in 17 Languages! UPDATED: Includes the best habit tracking apps of 2017. Lasting Change For Early Quitters, Burnouts, The Unmotivated, And Everyone Else Too When I decided to start exercising consistently 10 years ago, this is what actually happened: I tried "getting motivated." It worked sometimes.I tried setting audacious big goals. I almost always failed them.I tried to make changes last. They didn't. Like most people who try to change and fail, I assumed that I was the problem. Then one afternoon--after another failed attempt to get motivated to exercise--I (accidentally) started my first mini habit. I initially committed to do one push-up, and it turned into a full workout. I was shocked. This "stupid idea" wasn't supposed to work. I was shocked again when my success with this strategy continued for months (and to this day). I had to consider that maybe I wasn't the problem in those 10 years of mediocre results. Maybe it was my prior strategies that were ineffective, despite being of-repeated as "the way to change" in countless books and blogs. My suspicions were correct. Is There A Scientific Explanation For This? As I sought understanding, I found a plethora of scientific studies that had answers, with nobody to interpret them correctly. Based on the science--which you'll find peppered throughout Mini Habits--we've been doing it all wrong. You can succeed without the guilt, intimidation, and repeated failure associated with such strategies as "getting motivated," New Year's Resolutions, or even "just doing it." In fact, you need to stop using those strategies if they aren't giving you great results. Most popular strategies don't work well because they require you to fight against your subconscious brain (a fight not easily won). It's only when you start playing by your brain's rules and taking your human limitations seriously--as mini habits show you how to do--that you can achieve lasting change. What's A Mini Habit? A mini habit is a very small positive behavior that you force yourself to do every day; its "too small to fail" nature makes it weightless, deceptively powerful, and a superior habit-building strategy. You will have no choice but to believe in yourself when you're always moving forward. The barrier to the first step is so low that even depressed or "stuck" people can find early success and begin to reverse their lives right away. And if you think one push-up a day is too small to matter, I've got one heck of a story for you! Aim For The First Step They say when you aim for the moon, you'll land among the stars. Well, that doesn't make sense, as the moon is closer than the stars. I digress. The message is that you should aim very high and even if you fall short, you'll still get somewhere. I've found the opposite to be true in regards to productivity and healthy behaviors. When you aim for the moon, you won't do anything because it's too far away. But when you aim for the step in front of you, you might keep going and reach the moon. I've used the Mini Habits strategy to get into the best shape of my life, read 10x more books, and write 4x as many words. It started from requiring one push-up from myself every day. How ridiculous is that? Not so ridiculous when you consider the science of the brain, habits, and willpower. The Mini Habits system works because it's how our brains are designed to change. Note: This book isn't for eliminating bad habits (some principles could be useful for breaking habits). Mini Habits is a strategy to create permanent healthy habits in: exercise, writing, reading, thinking positively, meditating, drinking water, eating healthy foods, etc. Lasting change won't happen until you take that first step into a strategy that works. Give Mini Habits a try. You won't look back.

LEARN:: How to Stop Procrastinating and Forever Eliminate Your Lazy HabitsDo you struggle with completing projects or specific tasks? We'd all like to get things done and become more productive. But what often happens is we put off important tasks and let them slip through the cracks. The end result? We get overwhelmed by the amount of things to do. In other words, "procrastination" causes you to feel stressed when you're not completing tasks in a systematic manner. The solution is simple: Develop an "anti-procrastination mindset" where you take action on a daily basis and NEVER get overwhelmed by your to-do list. RIGHT NOW:: Develop "Anti-Procrastination Habits" to Get Immediate ResultIt's not that hard to stop procrastinating. Really, all you have to do is form the same habits used by countless successful people and make them part of your routine. While these people often have the same fears and limitations as you, they're able to take consistent action because they've trained themselves to do so. In the book "23 Anti-Procrastination Habits", you will discover a catalog of ideas to help you overcome procrastination on a daily basis. Whereas many books provide a simple list of tips, you'll learn why a specific strategy works, what limiting belief it eliminates and how it can be immediately applied to your life. In short, you will learn the root causes of your procrastination and how to overcome them. DOWNLOAD:: 23 Anti-Procrastination Habits - How to Stop Being Lazy and Get Results in Your Life"23 Anti-Procrastination Habits" contains a step-by-step blueprint of how to identify and conquer those lazy feelings. You will learn how to: Single-handle your way to overcoming the overwhelm. (APH #8) Identify what's REALLY important in your life and then happily ignore everthing else. (APH #1) Say "NO" to pointless tasks without angering your

boss, friends or loved ones. (APH #11) Start your day by completing your most important projects. (APH #13) Take action on a task -- even when you're not in the mood to do it. (APH #17) Break down VERY challenging projects into an easy-to-follow blueprint. (APH #5) Organize your life so you're not buried in paperwork or your to-do list. (APH #4) Complete daily tasks, quickly and easily with a simple time-management technique. (APH #15) Get motivated when you don't feel like working on a goal. (APH #20) You don't have to be controlled by procrastination. You can overcome it by forming a few habits that spur you into taking action.Would You Like To Know More?Download and stop your procrastinating ways today.Scroll to the top of the page and select the buy button.
