Understand why competitive advantage gained from human resource management practices is likely to be sustained over time. Undoubtedly, any organization's success depends on how it manages its resources. A firm's resources propel it toward its goals, just as an engine

Human Resource Management and Competitive Advantage 1

Description Human Resource Management: Gaining a Competitive Advantage 12e offers comprehensive coverage of HRM concepts that teach students how to strategically overcome challenges and gain competitive advantage in the workplace.

As competitors strive to win the war for talent, effective human resource management is necessary to gain true competitive advantage in the marketplace. Three challenges companies face are sustainability, technology, and globalization. Human Resource Management 5th Edition brings these challenges to life by highlighting real-world examples pertaining to these issues and relating it to the concepts within the chapter. This best-selling McGraw-Hill/Irwin Human Resource Management title provides students with the technical background needed to be a knowledgeable consumer of human resource (HR) products and services, to manage HR effectively, or to be a successful HR professional. While clearly strategic in nature, the text also emphasizes how managers can more effectively acquire, develop, compensate, and manage the internal and external environment that relates to the management of human resources.

The second edition of this successful title addresses new issues facing practitioners of human resource management in a thorough and thoughtful manner.

Human Resource Management: Gaining a Competitive Advantage 12e offers comprehensive coverage of HRM concepts that teach students how to strategically overcome challenges and gain competitive advantage in the workplace. Based on the authors' diverse research, teaching and consulting experiences, this product has incredibly strong depth and breadth that is current in research and practice simply not found in other texts.

The Ninth Edition of Human Resource Management: Gaining a Competitive Advantage was developed to teach students how to face and meet a variety of challenges within their organizations and how to gain a competitive advantage for their companies. This product represents a valuable approach to teaching human resource management for several reasons: The content draws from the diverse research, teaching, and consulting experiences of the four authors who have taught human resource management to undergraduates, MBA students, and experienced managers and professional employees. The teamwork approach gives a depth and breadth to the coverage that is not found in other texts. The content emphasizes how the HRM function, as well as the management of human resources, can help companies gain a competitive advantage. The content discusses current issues such as social networking, talent management, diversity, and employee engagement, all of which have a major impact on business and HRM practice. Strategic human resource management is introduced early in the book and integrated throughout the text. Examples of how new technologies are being used to improve the efficiency and effectiveness of HRM practices are presented. Examples of how companies are evaluating HRM practices to determine their value are discussed.

Filled with over 65 valuable case studies, role plays, video-based discussions, simulations, reflective exercises and other experiential activities, Teaching Human Resource Management enables HR professors, practitioners and students at all levels, to engage and enhance knowledge and skills on a wide range of HR concepts. This book breathes life into the teaching of Human Resource Management and readers will be able to better relate theoretical concepts to workplace decisions and dilemmas.

Fundamentals of Human Resource Management: People, Data, and Analytics provides a current, succinct, and interesting introduction to the world of HRM with a special emphasis on how data can help managers make better decisions about the people in their organizations. Authors Talya Bauer, Berrin Erdogan, David Caughlin, and Donald Truxillo use cutting-edge case studies and contemporary examples to illustrate key concepts and trends. A variety of exercises give students hands-on opportunities to practice their problem-solving, ethical decision-making, and data literacy skills. Non-HR majors and HR majors alike will learn best practices for managing talent in today's ever-evolving workplace. The book "Issues of Human Resource Management", written by well-known authors, is a result of a teamwork of specialists who have been dealing with the issue of managing human resources in different contexts. The authors from Germany, Spain, Turkey, Slovakia and Romania have submitted results of their current research and have presented important findings that are becoming a starting point for making managers decision so that their businesses can be competitive. You have put your hands on a selection of the best scientific contributions that have been reviewed and now are offering a space for an active debate on partial issues of the given topic. The authors in their work examined also the factors of psychology applied in HRM, the organisation of companies and its impact on human resource management, workers motivation and incentives and investment into human resources development; they searched the field of human resource management in family businesses, the quality of relationship in a workplace and specifics of human resource management in non-governmental organisation.
