Healing Bond that provided patients with a "carefrontation." Compiled during his more than thirty years of practice, speaking, and teaching, the stories in these pages are riveting, warm, and belief expanding. Their subjects include a girl whose baby brother helped her overcome anorexia, a woman whose cancer helped her heal by teaching her to stand up for herself, and a family that was saved from a burning house by bats. Without diminishing the reality of pain and hardship, the stories show real people turning crisis into blessing by responding to adversity in ways that empower and heal. They demonstrate

Healing Bond what we are capable of and show us that we can achieve miracles as we confront life's difficulties.

In 1979, Dr. Bernie S. Siegel, a successful surgeon, took a class from Elisabeth Kübler-Ross that focused on crayon drawing for healing, especially with patients facing life-threatening disease. Siegel incorporated into his practice these techniques – many of which were laughed at by others in the medical community. But his Exceptional Cancer Patients "carefrontation" protocol facilitated healings, often deemed

miraculous, and attracted attention. "Dr. Bernie" discovered and shared the fact that while patients might need antibiotics, surgery, radiation, and chemotherapy, their bodies also want to heal. He found that this innate propensity could be aided by unconventional practices, including drawing. Why? Drawing produces symbols often representing the subconscious. Siegel shows how to interpret drawings to help with everything from understanding why we are sick to making treatment decisions and communicating with loved ones. All those facing ill health, and those caring for them,
