teaching, consulting engagements and corporate education seminars, as well as a number of useful suggestions from reviewers of the sixth edition.

Keat, Young & Erfle, Managerial Economics, 7th Edition ...

This text uses the theory of the firm to integrate and link economic theory (microeconomics and macroeconomics), decision sciences (mathematical economics and econometrics), and the functional areas of business (accounting, finance, marketing, personnel or human resource management, and production) and shows how all of these topics are crucial components of managerial decision making.
