~~Microeconomics Paul A Samuelson 9th Edition~~
Paul Samuelson, William Nordhaus Samuelson's text was first published in 1948, and it immediately became the authority for the principles of economics courses. The book continues to be the standard-bearer for principles courses, and this revision continues to be a clear, accurate, and interesting introduction to modern economics principles.

3.0 out of 5 stars

Microeconomics(Samuelson)

Reviewed in the United States on October 4, 2013.

The book is a great read.

Its straight to the point and does not give a bulk of notes to read. However, if you do a lot of calculations in your course I wouldn't recommend it for that as it is limited in that area.
