By the thirty-first chapter, I was tearing up over Eve’s situation and sacrifice. Much of the plotting done in Once is more in preparation for events to come. I love the world that Anna Carey has built in the Eve trilogy and cannot wait to see what will hapen in Rise. Disclaimer: I received a copy of this book from the publisher.

Eve by Anna Carey is light on the world-building as dystopias go. It’s not one of those books that offer an incisive commentary on some aspect of our existing culture. It’s more, “here’s a setting where things suck; now we have a backdrop for a romance/adventure story.”
