method to solve. AWWA's most popular operator training aid, this study guide is specially designed to give water operators and students practice in answering questions that are similar in format and content to the questions that appear on state certification exams. Sample questions and answers for both wastewater treatment and collections systems are included.

Offering a fast and easy way to learn advanced AS/400 operations concepts and prepare for IBM's test 000-053 (AS/400 Professional System Operator), this book takes basic- to intermediate-level AS400 operators through all of the aspects of AS/400 operations required to pass the 000-053. It serves both as a study guide in preparation for the certification and as an excellent operator training text. Users learn the necessary concepts of advanced operations through a step-by-step tutorial
