I passed the ANCC PMHNP exams last week. I did just two things. I used Board Vitals which has 1,790 practice questions to study in study mode, to go over all the questions, then I repeated all the questions in the bank in examination mode timed. I had an overall score of 85% on Board Vitals. I went in to take the exams feeling well prepared.

The PMHNP is aware that which factor may impact the dose needed to effectively treat his condition: A patient is diagnosed with bipolar disorder and is currently taking carbamazepine (Tegretol), aripiprazole (Abilify), and melatonin. The PMHNP has just written an order to discontinue the carbamazepine (Tegretol) for drug-induced thrombocytopenia.
