The subject of integrated navigation systems covered in this book is designed for those directly involved with the design, integration, and test and evaluation of navigation systems. It is assumed that the reader has a background in mathematics, including calculus. Integrated navigation systems are the combination of an onboard navigation solution (position, velocity, and attitude) and independent navigation data (aids to navigation) to update or correct navigation solutions. In this book, this combination is accomplished with Kalman filter algorithms.

CD-ROM contains full text for all the procedures available in the manual. Files are provided both as fully formatted Word 6.0 (.doc) documents and as text-only documents (.txt).

It Was a Scandal Waiting to Happen . . . Colonel Phineas Bromley is a legend—on the battlefield and in the bedroom. Though he's won many wars, and even more hearts, nothing could prepare him for his new life. When Phin discovers that someone has been pushing his family toward ruin, he assumes the role of a legendary highwayman. Riding out in the middle of the night, hidden behind a mask, Phin heads straight into trouble . . . and into the arms of the ravishing girl next door. Coming face-to-face with a masked man did not frighten Alyse Donnelly as it should have. Instead, she finds him rather dashing. But her foolish heart has led her into trouble before, and helping a fugitive may mean jeopardizing her own plans, no matter how enticing his kisses. Now, as the danger grows, Alyse must make a choice between freedom . . . and the chance for true love.

If your church seems to be "stuck," this is a book you need to bring to your next leadership meeting. Vision That Works follows the journey of a pastor of a plateaued church as he struggles with stagnation and discovers the importance of his churches "mission, vision and values" and their ultimate impact on church health and relationship to planning. In the course of the story the reader is introduced to a 5-step process that has revolutionized this church and has the potential to change your church from a vision into action.

A fascinating tour of the urban landscape and interiors of Tokyo, Japan, captures in hundreds of full-color photographs the tiny crowded apartments of one of the world's most densely populated metropolises. Original.
