Contains more than 600 practice questions and answers! Certification in Public Health (CPH) Q&A Exam Review provides the ultimate resource for all students and practitioners seeking the professional credential and committed to lifelong learning and career growth in public health. Chapters are organized by all ten core competency domain areas, beginning with Evidence-Based Approaches to Public Health and including chapters on Communication, Leadership, Law and Ethics, Public Health Biology and Human Disease Risk, Collaboration and Partnerships, Program Planning and Evaluation, Program Management, and Policy in Public Health before concluding with Health Equity and Social Justice. Covering over 150 topic areas, each chapter introduces the core objectives of each domain area to frame the goals of the CPH exam and highlight the complete content outline featured on the exam. Chapters include the fundamental information public health professionals must learn to be effective workers in the field followed by approximately 600 practice questions with detailed rationales for correct answers at the end of each chapter. Using this method, the number of practice questions are divided equally among each domain area for comprehensive study and exam preparation. Written by a CPH certified educational leader in public health and containing over three exams' worth of questions, this book is the most useful and thorough exam review resource on the market, great for on-the-go study and preparation. **KEY FEATURES:** Over 600 multiple choice, single-best answer questions with answers and detailed rationales Full coverage of all 10 competency domain areas featured on the exam Written by a CPH certified and leading educator in public health Includes downloadable interactive eBook for anytime access This book is an independent publication and is not endorsed, sponsored, or otherwise approved by the National Board of Public Health Examiners. The NBPHE is not liable or responsible for any errors, omissions, or timeliness of the information or data available in this book, any individual's negligence in connection with the book, or any other liability resulting from the use or misuse of the book.

The Public Health Sanitarian Passbook(R) prepares you for your test by allowing you to take practice exams in the subjects you need to study. It provides hundreds of questions and answers in the areas that will likely be covered on your upcoming exam, including but not limited to: application of scientific principles and knowledge to public and environmental health protection; microbiology as related to disease prevention and control, sanitary chemistry, and toxic substances; inspection and interviewing techniques; reading comprehension; preparing written material; and other related areas.

Please note the app is included with print purchase only. This exam review serves as a primary resource for any student taking the Certified Health Education Specialist (CHES®) exam offered by the National Commission for Health Education Credentialing, Inc. (NCHEC). Starting with the history and value of the CHES® certification, this guide describes the requirements for sitting for the exam, the process of applying for the exam and the new computer-based testing system. Chapters dedicated to each of the Seven Areas of Responsibility and Competency for the CHES® exam include 20 practice exam questions and answers with rationales for the correct answers. Additionally, a sample practice exam covering each of the Seven Areas of Responsibilities, and an answer section with rationales for the correct answers, provides the student with a simulated exam experience and with a set of questions reflecting the coverage and balance of topics one is likely to see on exam day. Written by health educators credentialed by the NCHEC, this guide presents key strategies to pass the CHES® exam with 300+ questions, answers, and rationales in an easy-to-digest format. For further professional insight, this review also includes a chapter on continuing professional development, including the requirements and sources for continuing education to maintain CHES® certification and information about the advanced credential NCHEC offers, the Master Certified Health Education Specialist (MCHES®). **Key Features:** Relevant content and background information written by MCHES® certified authors, including a Test Day Q&A Sample exam with the expected mix of questions from each of the Seven Areas of Responsibility and an answer section with explanations of the correct answer Advice on career development and continuing education as a Certified Health Education Specialist Information about the advanced credential offered by the NCHEC, the Master Certified Health Education Specialist (MCHES®)

Board Review in Preventive Medicine and Public Health prepares physicians for their initial and recertification board exams in the related specialties of preventive, occupational and aerospace medicine. Formatted in a question and answer based style that imitates material on specialty exams, each question is linked to a detailed answer. The book contains over 640 question and answer sets covering areas such as general public health, health management, health law, community health, infectious disease, clinical preventive medicine, occupational medicine, aerospace medicine, environmental medicine, correctional (prison) medicine, emergency preparedness, epidemiology and biostatistics. The book is an essential board preparation for physicians with a background in the fields of preventive medicine, occupational medicine, and aerospace medicine. It is also useful for medical students, public health students and those wishing to gain an understanding of the key points in these fields. Provides a question based format that imitates board exams in preventive, occupational and
