This collection by Penguin focuses on three
female writers from the English Renaissance:
Isabella Whitney (c.1545-c.1577), Mary Sidney
(1561-1621), and Aemilia Lanyer (1569-1645).
The collection features a very short
biography and selected works of each poet. It
also includes a very useful timeline.

About Renaissance Women Poets. Social
convention may have prevented Renaissance
women writers from openly taking part in the
political and religious debates of their day,
but they found varied and innovative ways to
intervene. Collecting the work of three great
poets-Isabella Whitney, Mary Sidney, and
Aemilia Lanyer-this volume repositions women
writers of the Renaissance by presenting
their poems in the context of their history
and culture.

Isabella Whitney (late 1540s–after 1580) was born sometime in the late 1540s in Coole Pilate, Cheshire, England. She came from a reformist family which allowed the daughters as well as sons access to a certain degree of humanist education. She had a brother, Geoffrey Whitney, who wrote *A Choice of Emblems* in 1586.

Isabella Whitney - Goodreads

Isabella Whitney Isabella Whitney (most likely born between 1546 and 1548, died after 1624); fl. 1566–1600) was arguably the first female poet and professional woman writer in England. More specifically, Whitney is credited with being the first Englishwoman to have penned and published original secular poetry under her own name.

Isabella Whitney

1548–1573. Isabella Whitney claims attention as the first Englishwoman believed to have written original secular poetry for publication. Her established oeuvre consists of two short anthologies of lively materials joined in a winsome, original manner. The *Copy of a Letter* (1567?) includes three robust love poems, with an "admonition" appended to the first, written in the personae of jilted (but unconventional) men and women and playing on the debates on women's nature popular in the ...

Danielle Clarke and Penguin chose shrewdly
with Whitney, Sidney, and Lanyer, giving us
three very different women in three very
different decades and three strata of English
society. Whitney, writing poetry in the
1570's, uses many of the same sources and
devices and the more-anthologized males of
the period. Her use of Ovid is a good
example.

Emilia was only the fourth woman in the
British Isles to publish poetry. Hitherto,
Isabella Whitney had published a 38-page
pamphlet of poetry partly written by her
correspondents, Anne Dowriche, who was
Cornish, and Elizabeth Melville, who was
Scottish. So Lanier's book is the first book
of substantial, original poetry written by an
