"Around the World in Eighty Days" in 1872, he predicted that one day man could accomplish the task in eighty hours, but which most considered folly to do in eighty days in current times, that is except for people like Englishman Phileas Fogg, a regimented man who believed all it would take is exacting work, the skills he possesses. He just has to make sure a train's schedule meets the required sailing schedule which meets the required coach schedule and so on.
