My 3 Favorite Books for Fitness \u0026 Lifespan - Shawn Kent- Physique vs Sports Nutrition Expert - sports nutritionist \u2013 author of The Runner's Cookbook- Anita Bean (nutrition made easy) Sports Nutrition For Health And Nutrition for sport and exercise. We should all aim to eat a healthy, varied diet based on the principles of the Eatwell Guide, and this is also the case when you are active. When physically active, your body will use up more energy (calories). This can help with weight control or if you are not looking to lose weight, you may find you need more food to replace the extra energy used.
