This book will provide you with all the information you need to know about hot tubs and spas, whether you are looking to buy one or already own one. It will help you to determine what you want and what you need, how to install it, clean it, and control the settings. You will learn about the health benefits of hot water, including hydrotherapy, aromatherapy, reflexology, chromotherapy, and Watsu. You will also learn about soft sided spas, acrylic spas, cabinets, pumps, flow rate, skimmers, suction ports and drains, jets, special waters, covers, ozonators, heaters, permanent spas, blowers, spa packs, plumbing issues, alkalinity, water hardness, temperature, sanitizers, oxidizers, water analysis, the pH scale, and test kits. Also included is a discussion of cartridges, including sand and diatomaceous earth (DE), and water chemistry. Additionally, it will provide you with tips for buying, realistic cost estimates, winterizing, and upgrade options, plus tricks and tools of the trade. --Adapted from back cover.

An 1860 catalogue of British fruit, compiled by Robert Hogg, nurseryman, plant breeder and writer on horticulture.

This book provides for professionals, teachers and students involved in Russian law, by bringing together an overall and profound analysis of the process of the creation of business entities in the legal environment of the Russian Federation. The book will provide readers from a variety of backgrounds in legal studies with an understanding of the basic principles of Russian civil and corporate law, and the ways in which such principles interact. The book provides a comprehensive examination of the following: • The essential elements of the Russian legal system, including the sources of Russian law; • The law of obligations and the law of torts; • The forms of business organizations; • The formation and constitution of business organizations; • Legal implications related to companies in difficulty and crisis; • The legal status of foreign persons in the Russian Federation and foreign investment law; • Corporate governance and corporate fraudulent behavior. The book will appeal particularly to undergraduate and postgraduate law students, as well as to Russian and foreign lawyers, heads of legal entities, financial directors, chief accountants, and auditors, and to any person interested in Russian law. Each chapter of the book contains a brief overview, central research questions and a list of further reading. Multiple choice questions, practical assignments, key legislation referenced in the book and a glossary are also included in the book.

Anderson's Ohio Consumer Law is ideal resource for lawyers, lenders, collectors, sellers and consumer advocates. Designed to capture the most important elements of consumer law, this convenient desk reference contains federal and state consumer statutes as well as extensive treatment of common law doctrines that are frequently invoked in consumer disputes. Plus, unlike many consumer law books, this one includes substantial coverage of both warranty law under Article 2 of the Uniform Commercial Code and the law of products liability, which are both critically important to consumers.
