This volume presents over 700 traditional and contemporary critical and literary terms. The entries are arranged alphabetically, extensively cross-referenced and illustrated with hundreds of examples.

In this second edition of *Beginning Theory*, the variety of approaches, theorists, and technical language is lucidly and expertly unraveled and explained, and allows readers to develop their own ideas once first principles have been grasped. Expanded and updated from the original edition first published in 1995, Peter Barry has incorporated all of the recent developments in literary theory, adding two new chapters covering the emergent Eco-criticism
