The Collected Works of William Morris: Amazon.co.uk ...

The Collected Works of William Morris. A creative titan of the Victorian age, William Morris (1834–96) produced a prodigious variety of literary and artistic work in his lifetime. In addition to his achievements as a versatile designer at the forefront of the arts and crafts movement, Morris distinguished himself as a poet, translated Icelandic sagas and classical epics, wrote a series of influential prose romances, and gave lectures promoting his socialist principles.

Complete Works of William Shakespeare is the standard name given to any volume containing all the plays and poems of William Shakespeare. Some editions include several works which were not completely of Shakespeare's authorship, such as The Two Noble Kinsmen, which was a collaboration with John Fletcher; Pericles, Prince of Tyre, the first two acts of which were likely written by George Wilkins; or Edward III, whose authorship is

and Ballads (Blake Notebook), Assorted Works (Blake Notebook)

William Kelly (1821-1906) was born in Millisle, County Down, Northern Ireland. He was educated at Trinity College, Dublin. Left fatherless at a young age, he supported himself by teaching the family of Mr. Cachemaille, Rector of Sark. He secured a post as governor to the Seigneur of Sark in 1841. He married in Guernsey and in the 1870s moved to Blackheath, London. In 1840 Kelly made the Christian confession and, shortly afterwards, embraced the views of, and became a member of, the Plymouth Brethren. Besides aiding Dr. Samuel Prideaux Tregelles in his investigations as a Biblical Textual Critic, Kelly also published, in 1860, a critical edition of the Book of Revelation, which was praised by Professor Heinrich Ewald of Göttingen. Such studies were carried on concurrently with the editing of a periodical entitled "The Prospect". He took up the editorship of The Bible Treasury in 1857, and continued till his death. As editor of the latter he was brought into correspondence with Dean Henry Alford, Dr Scott the lexicographer, Principal Edwards and William Sanday of Oxford, among others. Kelly died on 27 March 1906. Shortly before his death, Kelly said: "There are three things real: The Cross, the enmity of the world and the love of God".

Widely regarded as the founder of the modern science of demography, Petty also made major contributions to the development of economic statistics, monetary theory and the theory of value. This set collects together all of Petty's published writings in economics: an extensive selection of his correspondence and papers; a biography and a selection of the most important secondary writing on his work.
