Turkey-United States relations are bilateral relations between Turkey and the United States. Relations after World War II evolved from the Second Cairo Conference in December 1943 and Turkey's entrance into World War II on the side of the Allies in February 1945. Later that year, Turkey became a charter member of the United Nations.

Turkey-United States relations - Wikipedia

Jul 8, 2020. Turkey's relationship with the United States is historically fraught. A recent report by the German Marshall Fund of the United States noted there has never been a "golden era" for Turkey's relations with the United States or the West.

A way forward for the United States and Turkey

After World War I and the founding of the Turkish Republic, the United States established diplomatic relations with the Republic of Turkey in 1927. The Economic and Technical Cooperation agreement – signed July 12, 1947 between the United States and Turkey – advanced the relationship further.

U.S. Relations With Turkey - United States Department of State

It may be important for the region's stability and prosperity to find constructive ways for the United States to work with Turkey in the years ahead. Relations between the United States and Turkey, while fraught with tension, must also align with a mutual interest in stability in the Middle East and preventing the spread of weapons of mass destruction.

A Way Forward for the United States and Turkey | RAND

In 2017, the United States sold Turkey \$341 million worth of military equipment, and in 2018, the United States sold Turkey more than \$136 million, which together represent some 70 percent of total Turkish arms imports. Halting those sales would adversely impact the U.S. companies making defense equipment, and it would complicate Turkey's efforts to maintain its defense capabilities ...
