A provocative and eye-opening look at the most explosive and controversial state in America, where everything is bigger, bolder—and shaping our nation's future in surprising ways To most Americans, Texas has been that love-it-or-hate-it slice of the country that has sparked controversy, bred presidents, and fomented turmoil from the American Civil War to George W. Bush. But that Texas is changing—and it will change America itself. Richard Parker takes the reader on a tour across today's booming Texas, an evolving landscape that is densely urban, overwhelmingly Hispanic, exceedingly powerful in the global economy, and increasingly liberal. This Texas will have to ensure upward mobility, reinvigorate democratic rights, and confront climate change—just to continue its historic economic boom. This is not the Texas of George W. Bush or Rick Perry. Instead, this is a Texas that will remake the American experience in the twenty-first century—as California did in the twentieth—with surprising economic, political, and social consequences. Along the way, Parker analyzes the powerful, interviews the insightful, and tells the story of everyday people because, after all, one in ten Americans in this century will call Texas something else: Home.

From legendary writer Edmund White, a bold and sweeping new novel that traces the extraordinary fates of twin sisters, one destined for Parisian nobility and the other for Catholic sainthood Yvette and Yvonne Crawford are twin sisters, born on a humble patch of East Texas prairie but bound for far grander fates. Just as an untold fortune of oil lies beneath their daddy's land, both girls harbour their own secrets and dreams –ones that will carry them far from Texas and from each other. As the decades unfold, Yvonne will ascend the highest ranks of Parisian society as Yvette gives herself to a lifetime of worship and service in the streets of Jericó, Colombia. And yet, even as they remake themselves in their radically different lives, the twins find that the bonds of family and the past are unbreakable. Spanning the 1950s to the recent past, Edmund White's marvellous novel serves up an immensely pleasurable epic of two Texas women as their lives traverse varied worlds: the swaggering opulence of the Dallas nouveau riche, the airless pretention of the Paris gratin and the strict piety of a Colombian convent.
