Worldbuilding: the Master Guide (with Template) "Worldbuilding" is a term you'll hear from a lot of writers — especially when you're talking about the science fiction and fantasy genres. Great authors can create a living, breathing environment for their stories, invite readers into another world, and make us homesick for a place we've never been.

Worldbuilding: the Master Guide (with Template)
Worldbuilding is the process of constructing an imaginary world, sometimes associated with a whole fictional universe. Developing an imaginary setting with coherent qualities such as a history, geography, and ecology is a key task for many science fiction or fantasy writers. Worldbuilding often involves the creation of maps, a backstory, and races, including social customs and, in some cases, an invented language for the world. World building exists in novels, role-playing games, or visual media

World building means you have the sense of a bigger universe. There's a sense of more, maybe even of epic, that haunts the edges of your story. This goes way beyond clothing designs or the shapes of trees. This goes past whether or not your characters have magic and what political systems they use.

World Building 101 - The Write Practice

The New York World Building was a building in the Civic Center of Manhattan in New York City, across from City Hall along Park Row between Frankfort Street and the Brooklyn Bridge. Part of the former "Newspaper Row", it was designed by George B. Post in the Renaissance Revival style, and served as the headquarters of the New York World after its completion in 1890. The New York World Building was the tallest building in New York City upon completion, becoming the first to overtop Trinity Church,

New York World Building - Wikipedia

World-building is so much more than just a framing device. It's the very essence of any good fantasy or science fiction story, and the basis of a sense of place in other genres. Good world-building lends an immersive richness to your writing, while also giving readers the information they need to understand characters and plot lines.
