Writing Down the Bones Quotes by Natalie Goldberg

Writing Down the Bones is a gem of a listen, it's like the oddest little ear candy ever. This was written well before the marketing / writing / promoting self-help boom came along, and thank goodness. Natalie Goldberg's ...

Natalie Goldberg, quote from Writing Down the Bones: Freeing the Writer Within "It's the process of writing and life that matters. Too many writers have written great books and gone insane or alcoholic or killed themselves. This process teaches about sanity. We are trying to become sane along with our poems and stories."

The all-time best-selling writer's handbook turns thirty. With insight, humor, and practicality, Natalie Goldberg inspires writers and would-be writers to take the leap into writing skillfully and creatively. She offers suggestions, encouragement, and solid advice on many aspects of the writer's craft: on writing from "first thoughts" (keep your hand moving, don't cross out, just get it on paper), on listening (writing is ninety percent listening; the deeper you listen, the better you write), on using verbs (verbs provide the energy of the sentence), on overcoming doubts (doubt is torture, don't listen to it)—even on choosing a restaurant in which to write. Goldberg sees writing as a practice that helps writers comprehend the value of their lives. The advice in her book, provided in short, easy-to-read chapters with titles that reflect the author's witty approach ("Writing Is Not a McDonald's Hamburger," "Man Eats Car," "Be an Animal"), will inspire anyone who writes—or who longs to.

For more than thirty years Natalie Goldberg has been challenging and cheering on writers with her books and workshops. In her groundbreaking first book, she brings together Zen meditation and writing in a new way. Writing practice, as she calls it, is no different from other forms of Zen practice—it is backed by two thousand years of studying the mind.* This thirtieth-anniversary edition includes new forewords by Julia Cameron and Bill Addison. It also includes a new preface in which Goldberg reflects on the enduring quality of the teachings here. She writes, "What have I learned about writing over these thirty years? I've written fourteen books, and it's the practice here in Bones that is the foundation, sustaining and building my writing voice, that keeps me honest, teaches me how to endure the hard times and how to drop below discursive thinking, to taste the real meat of our minds and the life around us."

Offers advice on writing creatively, discusses the importance of discipline, and suggests writing exercises.

One of the world's foremost writing teachers invites readers on a joyful journey into the reading and origins of haiku A haiku is three simple lines. But it is also, as Allen Ginsberg put it, three lines that "make the mind leap." A good one, he said, lets the mind experience "a small sensation of space which is nothing less than God." As many spiritual practices seek to do, the haiku's spare yet acute noticing of the immediate and often ordinary grounds the reader in the pure awareness of now. Natalie Goldberg is a delightfully companionable tour guide into this world. She highlights the history of the form, dating back to the seventeenth century; shows why masters such as Basho and Issa are so revered; discovers Chiyo-ni, an important woman haiku master, and provides insight into writing and reading haiku. A fellow seeker who travels to Japan to explore the birthplace of haiku, Goldberg revels in everything she encounters, including food and family, painting and fashion, frogs and ponds. She also experiences and allows readers to share in the spontaneous and profound moments of enlightenment and awakening that haiku promises.

An essential volume for generations of writers young and old, Bird by Bird is a modern classic. This twenty-fifth anniversary edition will continue to spark creative minds for years to come. For a quarter century, more than a million readers—scribes and scribblers of all ages and abilities—have been inspired by Anne Lamott's hilarious, big-hearted, homespun advice. Advice that begins with the simple words of wisdom passed down from Anne's father—also a writer—in the iconic passage that gives the book its title: "Thirty years ago my older brother, who was ten years old at the time, was trying to get a report on birds written that he'd had three months to write. It was due the next day. We were out at our family cabin in Bolinas, and he was at the kitchen table close to tears, surrounded by binder paper and pencils and unopened books on birds, immobilized by the hugeness of the task ahead. Then my father sat down beside him, put his arm around my brother's shoulder, and said, 'Bird by bird, buddy. Just take it bird by bird.'"
